DEVA WAS GRANTED THE “BEST R&D CENTER OF THE PHARMACEUTICAL SECTOR” AWARD

DEVA was elected as the company with the best R&D center of the pharmaceutical sector in the 4th Private Sector R&D Centers Summit held by the Ministry of Science, Industry and Technology.

The best performing companies under several categories among the ones with a R&D center were granted awards at the ceremony held in Sheraton Ankara Hotel with the attendance of Fikri Işık, the Minister of Science, Industry and Technology, on 14 October 2015. DEVA, distinguished by its investments and practices in the field of R&D and innovation, was chosen as the company with the best R&D center of the pharmaceutical sector at the award ceremony in which the best R&D center of the sectors such as defense, textile, electronics, durable consumer products and drugs are designated.

6 criteria, being the R&D staff employment, R&D expenditure volume, project capacity, cooperation and interaction, competence for intellectual property and commercialization, were taken into consideration during the evaluation of the R&D performances of the companies.

With DEVARGE (DEVA R&D) center established in 2009 and the expert team consisting of approximately 170 staff member, DEVA keeps working to help people to lead a healthy life.

About DEVA Holding A.Ş:

DEVA Holding, being active since 1958, is one of the well-established pharmaceutical manufacturers of Turkish healthcare sector. Today, DEVA Holding is among the few pharmaceutical companies carrying its success in the field of medicines for human use to the field of animal health through one of its group companies, Vetaş. DEVA Holding, going beyond the borders of Turkey through its innovative products, has a R&D center equipped with the state-of the art technology.
